Phone: 9240 1111 Monday to Friday, 8.30 am - 5 pm

Emergency after hours: Phone 9240 1111. If not a touch tone phone 9236 0771 directly.

When there is a medical emergency, educators will:

- call an ambulance, where necessary
- administer first aid, and provide care and comfort to the child prior to the parents/guardians or ambulance arriving
- implement the child's current medical management plan, where appropriate
- notify parents/guardians as soon as is practicable of any serious medical emergency, incident or injury concerning the child, and request the parents/guardians make arrangements for the child to be collected from the service and/or inform the parents/guardians that an ambulance has been called
- notify other person/s as authorised on the child's enrolment form, if the parents/guardians are not contactable
- ensure ongoing supervision of all children in attendance at the service
- accompany the child in the ambulance when the parents/guardians are not present, provided that staff-to-child ratios can be maintained at the service
- notify the Approved Provider of the medical emergency, incident or injury as soon as is practicable
- complete and submit an incident report to DEECD, the Approved Provider and the service's public liability insurer following a serious incident.

When a child develops symptoms of illness while at the service, educators will:

- ensure that the Nominated Supervisor, or person in day-to-day care of the service, contacts the parents/guardians or authorised emergency contact for the child to outline the signs and symptoms observed
- request that the child is collected from the service if the child is not well enough to participate in the program
- ensure that they separate the child from the group and have a staff member remain with the child until the child recovers, a parent/guardian arrives or another responsible person takes charge
- call an ambulance (refer to definition of *medical emergency*) if a child appears very unwell or has a serious injury that needs urgent medical attention
- ensure that the child is returned to the care of the parent/guardian or authorised emergency contact person as soon as is practicable
- ensure that, where medication, medical or dental treatment is obtained, the parents/guardians are notified as soon as is practicable and within 24 hours, and are provided with details of the illness and subsequent treatment administered to the child
- ensure that the Approved Provider is notified of the incident
- ensure that the *Incident, Injury, Trauma and Illness Record* is completed as soon as is practicable and within 24 hours of the occurrence.
